Chairperson's Report

Status of RFP's

Karen Authier noted that the RFPs were still in process and would not be complete until September 17, 2012. A motion was made by Beth Baxter to authorize the Department of Health and Human Services to enter into a contract with the top ranked proposal proponent on the Strategic Planning RFP 4079 Z1, if the final contract cost is reasonable and would leave sufficient funds to carry out the remaining provisions of LB821 from the funds appropriated for that purpose. The motion was seconded by David Newell.

What are the Questions should the Strategic Plan answer?

The Strategic Plan should be a Map for the Child Welfare System for Nebraska for the next 2-5 years. As such we came up with the following questions:

- (1) What are the key issues to address?
- (2) What are the priorities?
- (3) What view should the Commission take – 5000, 10000-50000?
- (4) What are our values?
- (5) Where are we going?
- (6) How do we get there?
- (7) How do we know when we arrive?
- (8) What are the key measurements?
- (9) What is our Vision – what will it look like when we succeed?
- (10) Is there a way to “flip the pyramid: and maintain our values?
- (11) How do we get everyone on the same page?
- (12) What assumptions do we make in the process today and are they still valid?
- (13) How do communities address gaps in service?
- (14) What are our Strengths, Weaknesses, Opportunities and Threats (SWAT)?
- (15) How do we ensure all systems communicate and align with the plan?
- (16) How do we tie the Educational System into the process?
- (17) How do we incorporate all the current legislation into the plan?
- (18) How do we use data to meet the goals?
- (19) What data is available?
- (20) What data do we need?

We also had other questions/suggestions as follows:

- What are the current case loads and cost per child and what are the benchmarks?
- What is the hiring process for case workers and others in the process?
- What are the salary ranges for the various positions?
- What happened to ICCU?
- What happened to the Birth to Age 5 initiative?
- What programs worked in the past and can they be resurrected?
- How do funds flow and what improvements can be made?
- Would creating specialized tracks for each child be beneficial?
- Please continue to disseminate information to the Commission so we can communicate to stakeholders we represent.

Such committee shall review the role and effectiveness of the youth rehabilitation and treatment centers in the juvenile justice system and make recommendations to the commission on the future role of the youth rehabilitation and treatment centers in the juvenile justice continuum of care. Such committee shall also review the responsibilities of the Administrator of the Office of Juvenile Services, including oversight of the youth rehabilitation and treatment centers and juvenile parole, and make recommendations to the commission relating to the future responsibilities of the administrator.

(c) The commission may organize committees as it deems necessary. Members of the committees may be members of the commission or may be appointed, with the approval of the majority of the commission, from individuals with knowledge of the committee's subject matter, professional expertise to assist the committee in completing its assigned responsibilities, and the ability to collaborate within the committee and with the commission to carry out the powers and duties of the commission.

(d) If the One Hundred Second Legislature, Second Session, 2012, creates the Title IV-E Demonstration Project Committee or the Foster Care Reimbursement Rate Committee, or both, such committees shall be under the jurisdiction of the commission.

(3) The commission shall work with the office of the State Court Administrator, as appropriate, and entities which coordinate facilitated conferencing as described in section 43-247.01. Facilitated conferencing shall be included in statewide strategic plan discussions by the commission. Facilitated conferencing shall continue to be utilized and maximized, as determined by the court of jurisdiction, during the development of the statewide strategic plan. Funding and contracting of facilitated conferencing entities shall continue to be provided by the Department of Health and Human Services to at least the same extent as such funding and contracting are being provided on the effective date of this act.

(4) The commission shall gather information and communicate with juvenile justice specialists of the Office of Probation Administration and county officials with respect to any county-operated practice model participating in the Crossover Youth Program of the Center for Juvenile Justice Reform at Georgetown University.

(5) If the Nebraska Juvenile Service Delivery Project is enacted by the One Hundred Second Legislature, Second Session, 2012, the commission shall coordinate and gather information about the progress and outcomes of the project.

Sec. 4. (1) The Nebraska Children's Commission shall create a statewide strategic plan to carry out the legislative intent stated in section 1 of this act for child welfare program and service reform in Nebraska. In developing the statewide strategic plan, the commission shall consider, but not be limited to:

(a) The potential of contracting with private nonprofit entities as a lead agency, subject to the requirements of subsection (2) of this section. Such lead-agency utilization shall be in a manner that maximizes the strengths, experience, skills, and continuum of care of the lead agencies. Any lead-agency contracts entered into or amended after the effective date of this act shall detail how qualified licensed agencies as part of efforts to develop the local capacity for a community-based system of coordinated care will implement community-based care through competitively procuring either (i) the specific components of foster care and related services or (ii) comprehensive services for defined eligible populations of children and families;

(b) Provision of leadership for strategies to support high-quality evidence-based prevention and early intervention services that reduce risk and enhance protection for children;

(c) Realignment of service areas designated pursuant to section 81-3116 to be coterminous with the judicial districts described in section 24-301.02;

(d) Identification of the type of information needed for a clear and thorough analysis of progress on child welfare indicators; and

(e) Such other elements as the commission deems necessary and appropriate.

(2) A lead agency used after the effective date of this act shall:

(a) Have a board of directors of which at least fifty-one percent of the membership is comprised of Nebraska residents who are not employed by the lead agency or by a subcontractor of the lead agency;

(b) Complete a readiness assessment as developed by the Department of Health and Human Services to determine the lead agency's viability. The readiness assessment shall evaluate organizational, operational, and programmatic capabilities and performance, including review of: The strength of the board of directors; compliance and oversight; financial risk management; financial liquidity and performance; infrastructure maintenance; funding sources, including state, federal, and external private funding; and operations, including reporting, staffing, evaluation, training, supervision, contract monitoring, and program performance tracking capabilities;

(c) Have the ability to provide directly or by contract through a local network of providers the services required of a lead agency. A lead agency shall not directly provide more than thirty-five percent of direct services required under the contract; and

(d) Provide accountability for meeting the outcomes and performance standards related to child welfare services established by Nebraska child welfare policy and the federal government.

(3) The commission shall review the operations of the department regarding child welfare programs and services and recommend, as a part of the statewide strategic plan, options for attaining the legislative intent stated in section 1 of this act, either by the establishment of a new division within the department or the establishment of a new state agency to provide all child welfare programs and services which are the responsibility of the state.

Sec. 5. Within three months after the effective date of this act, the Department of Health and Human Services, with direction from the Nebraska Children's Commission, shall contract with an independent entity specializing in medicaid analysis to conduct a cross-system analysis of current prevention and intervention programs and services provided by the department for the safety, health, and well-being of children and funding sources to (1) identify state General Funds being used, in order to better utilize federal funds, (2) identify resources that could be better allocated to more effective services to at-risk children and juveniles transitioning to home-based and school-based interventions, and (3) provide information which will allow the replacement of state General Funds for services to at-risk children and juveniles with federal funds, with the goal of expanding the funding base for such services while reducing overall state General Fund expenditures on such services.

Sec. 6. The Department of Health and Human Services shall fully cooperate with the activities of the Nebraska Children's Commission. The department shall provide to the commission all requested information on children and juveniles in Nebraska, including, but not limited to, departmental reports, data, programs, processes, finances, and policies. The department shall collaborate with the commission regarding the development of a plan for a statewide automated child welfare information system to integrate child welfare information into one system if the One Hundred Second Legislature, Second Session, 2012, enacts legislation to require the development of such a plan. The department shall coordinate and collaborate with the commission regarding engagement of an evaluator to provide an evaluation of the child welfare system if the One Hundred Second Legislature, Second Session, 2012, enacts legislation to require such evaluation.

Sec. 7. The Nebraska Children's Commission shall provide a written report to the Health and Human Services Committee of the Legislature on the status of its activities on or before August 1, 2012, September 15, 2012, and November 1, 2012. The commission shall complete the statewide strategic plan required pursuant to section 4 of this act and provide a written report to the Health and Human Services Committee of the Legislature and the Governor on or before December 15, 2012.

Sec. 8. Sections 8 to 38 of this act shall be known and may be cited as the Office of Inspector General of Nebraska Child Welfare Act.

Sec. 9. (1) It is the intent of the Legislature to:

(a) Establish a full-time program of investigation and performance review to provide increased accountability and oversight of the Nebraska child welfare system;

(b) Assist in improving operations of the department and the Nebraska child welfare system;

(c) Provide an independent form of inquiry for concerns regarding the actions of individuals and agencies responsible for the care and protection of children in the Nebraska child welfare system. Confusion of the roles, responsibilities, and accountability structures between individuals, private contractors, and agencies in the current system make it difficult to monitor and oversee the Nebraska child welfare system; and

(d) Provide a process for investigation and review to determine if individual complaints and issues of investigation and inquiry reveal a problem in the child welfare system, not just individual cases, that necessitates legislative action for improved policies and restructuring of the child welfare system.

(2) It is not the intent of the Legislature in enacting the Office of Inspector General of Nebraska Child Welfare Act to interfere with the duties of the Legislative Performance Audit Section of the Legislative Performance Audit Committee or the Legislative Fiscal Analyst or to interfere with the statutorily defined investigative responsibilities or prerogatives of any officer, agency, board, bureau, commission, association, society, or institution of the executive branch of state government, except that the act does not preclude an inquiry on the sole basis that another agency has the same responsibility. The act shall not be construed to interfere with or supplant the responsibilities or prerogatives of the Governor to investigate, monitor, and report on the activities of the agencies, boards, bureaus,

commissions, associations, societies, and institutions of the executive branch under his or her administrative direction.

(2) Any investigation conducted by the Inspector General shall be independent of and separate from an investigation pursuant to the Child Protection Act. The Inspector General and his or her staff are subject to the reporting requirements of the Child Protection Act.

A complaint shall be evaluated to determine if it alleges possible misconduct, misfeasance, malfeasance, or violation of a statute or of rules and regulations of the department by an employee of or a person under contract with the department, a private agency, or a licensed child care facility, a foster parent, or any other provider of child welfare services or alleges a basis for discipline pursuant to the Uniform Credentialing Act. All complaints shall be evaluated to determine whether a full investigation is warranted.

(2) The office shall not conduct a full investigation of a complaint unless:

(a) The complaint alleges misconduct, misfeasance, malfeasance, violation of a statute or of rules and regulations of the department, or a

basis for discipline pursuant to the Uniform Credentialing Act;

(c) A continuing obligation to immediately forward to the office any relevant records received, located, or generated after the date of the request.

(3) The office shall seek access in a manner that respects the dignity and human rights of all persons involved, maintains the integrity of the investigation, and does not unnecessarily disrupt child welfare programs or services. When advance notice to a foster parent or to an administrator or his or her designee is not provided, the office investigator shall, upon arrival at the departmental office, bureau, or division, the private agency, the licensed child care facility, or the location of another provider of child welfare services, request that an onsite employee notify the administrator or his or her designee of the investigator's arrival.

(4) When circumstances of an investigation require, the office may make an unannounced visit to a foster home, a departmental office, bureau, or division, a licensed child care facility, a private agency, or another provider to request records relevant to an investigation.

(5) A responsible individual or an administrator may be asked to sign a statement of record integrity and security when a record is secured by request as the result of a visit by the office, stating:

(a) That the responsible individual or the administrator has made a diligent search of the office, bureau, division, private agency, licensed child care facility, or other provider's location to determine that all appropriate records in existence at the time of the request were produced;

(b) That the responsible individual or the administrator agrees to immediately forward to the office any relevant records received, located, or generated after the visit;

(c) The persons who have had access to the records since they were secured; and

(d) Whether, to the best of the knowledge of the responsible individual or the administrator, any records were removed from or added to the record since it was secured.

(6) The office shall permit a responsible individual, an administrator, or an employee of a departmental office, bureau, or division, a private agency, a licensed child care facility, or another provider to make photocopies of the original records within a reasonable time in the presence of the office for purposes of creating a working record in a manner that assures confidentiality.

(7) The office shall present to the responsible individual or the administrator or other employee of the departmental office, bureau, or division, private agency, licensed child care facility, or other service provider a copy of the request, stating the date and the titles of the records received.

(8) If an original record is provided during an investigation, the office shall return the original record as soon as practical but no later than ten working days after the date of the compliance request.

(9) All investigations conducted by the office shall be conducted in a manner designed to ensure the preservation of evidence for possible use in a criminal prosecution.

Sec. 32. (1) Reports of investigations conducted by the office shall not be distributed beyond the entity that is the subject of the report without the consent of the Inspector General.

(2) Except when a report is provided to a guardian ad litem or an attorney in the juvenile court pursuant to subsection (2) of section 34 of this act, the office shall redact confidential information before distributing a report of an investigation. The office may disclose confidential information to the chairperson of the Health and Human Services Committee of the Legislature when such disclosure is, in the judgment of the Public Counsel, desirable to keep the chairperson informed of important events, issues, and developments in the Nebraska child welfare system.

(3) Records and documents, regardless of physical form, that are obtained or produced by the office in the course of an investigation are not public records for purposes of sections 84-712 to 84-712.09. Reports of investigations conducted by the office are not public records for purposes of sections 84-712 to 84-712.09.

(4) The office may withhold the identity of sources of information to protect from retaliation any person who files a complaint or provides information in good faith pursuant to the Office of Inspector General of Nebraska Child Welfare Act.

Sec. 33. The department shall provide the Public Counsel and the Inspector General with direct computer access to all computerized records, reports, and documents maintained by the department in connection with administration of the Nebraska child welfare system.

Sec. 34. (1) The Inspector General's report of an investigation shall be in writing to the Public Counsel and shall contain recommendations. The report may recommend systemic reform or case-specific action, including a recommendation for discharge or discipline of employees or for sanctions against a foster parent, private agency, licensed child care facility, or other provider of child welfare services. All recommendations to pursue discipline shall be in writing and signed by the Inspector General. A report of an investigation shall be presented to the director within fifteen days after the report is presented to the Public Counsel.

(2) Any person receiving a report under this section shall not further distribute the report or any confidential information contained in the report. The Inspector General, upon notifying the Public Counsel and the director, may distribute the report, to the extent that it is relevant to a child's welfare, to the guardian ad litem and attorneys in the juvenile court in which a case is pending involving the child or family who is the subject of the report. The report shall not be distributed beyond the parties except

through the appropriate court procedures to the judge.

(3) A report that identifies misconduct, misfeasance, malfeasance, or violation of statute, rules, or regulations by an employee of the department, a private agency, a licensed child care facility, or another provider that is relevant to providing appropriate supervision of an employee may be shared with the employer of such employee. The employer may not further distribute the report or any confidential information contained in the report.

Sec. 35. (1) Within fifteen days after a report is presented to the director under section 34 of this act, he or she shall determine whether to accept, reject, or request in writing modification of the recommendations contained in the report. The Inspector General, with input from the Public Counsel, may consider the director's request for modifications but is not obligated to accept such request. Such report shall become final upon the decision of the director to accept or reject the recommendations in the report or, if the director requests modifications, within fifteen days after such request or after the Inspector General incorporates such modifications, whichever occurs earlier.

(2) Within fifteen days after the report is presented to the director, the report shall be presented to the foster parent, private agency, licensed child care facility, or other provider of child welfare services that is the subject of the report and to persons involved in the implementation of the recommendations in the report. Within forty-five days after receipt of the report, the foster parent, private agency, licensed child care facility, or other provider may submit a written response to the office to correct any factual errors in the report. The Inspector General, with input from the Public Counsel, shall consider all materials submitted under this subsection to determine whether a corrected report shall be issued. If the Inspector General determines that a corrected report is necessary, the corrected report shall be issued within fifteen days after receipt of the written response.

(3) If the Inspector General does not issue a corrected report pursuant to subsection (2) of this section, or if the corrected report does not address all issues raised in the written response, the foster parent, private agency, licensed child care facility, or other provider may request that its written response, or portions of the response, be appended to the report or corrected report.

(4) A report which raises issues related to credentialing under the Uniform Credentialing Act shall be submitted to the appropriate credentialing board under the act.

Sec. 36. No report or other work product of an investigation by the Inspector General shall be reviewable in any court. Neither the Inspector General nor any member of his or her staff shall be required to testify or produce evidence in any judicial or administrative proceeding concerning matters within his or her official cognizance except in a proceeding brought to enforce the Office of Inspector General of Nebraska Child Welfare Act.

Sec. 37. The Office of Inspector General of Nebraska Child Welfare Act does not require the Inspector General to investigate all complaints. The Inspector General, with input from the Public Counsel, shall prioritize and select investigations and inquiries that further the intent of the act and assist in legislative oversight of the Nebraska child welfare system. If the Inspector General determines that he or she will not investigate a complaint, the Inspector General may recommend to the parties alternative means of resolution of the issues in the complaint.

Sec. 38. On or before September 15 of each year, the Inspector General shall provide to the Health and Human Services Committee of the Legislature and the Governor a summary of reports and investigations made under the Office of Inspector General of Nebraska Child Welfare Act for the preceding year. The summaries shall detail recommendations and the status of implementation of recommendations and may also include recommendations to the committee regarding issues discovered through investigation, audits, inspections, and reviews by the office that will increase accountability and legislative oversight of the Nebraska child welfare system, improve operations of the department and the Nebraska child welfare system, or deter and identify fraud, abuse, and illegal acts. The summaries shall not contain any confidential or identifying information concerning the subjects of the reports and investigations.

Sec. 39. Section 28-711, Reissue Revised Statutes of Nebraska, is amended to read:

28-711 (1) When any physician, any medical institution, any nurse, any school employee, any social worker, the Inspector General appointed under section 24 of this act, or any other person has reasonable cause to believe that a child has been subjected to child abuse or neglect or observes such child being subjected to conditions or circumstances which reasonably would
