Nebraska's Admissions to Juvenile Detention Facilities (2011 - 2015)⁹

*Kids Count Issue Brief: "Detained: Nebraska's Problem with Juvenile Incarceration" – July 2016

** In 2016, Gering Juvenile Detention Center closed (August) and Lancaster County closed the staff secure portion of their facility (September).

Douglas County Arrest/Detention Comparison

This displays the trend of juvenile arrest and detention counts by month. Color shows detail about data type. These detention figures are based upon admissions for the Douglas County Juvenile holding agency for 2003 to 2016. Count is the count of all persons admitted to the facility in that month. An individual may be admitted more than once and each event would be counted separately. The arrest figures are based upon arrest counts reported to the UCR (Uniform Crime Reporting) Project Manager by law enforcement agencies in Douglas County for 2003 to 2016.

NOTE: Arrest figures for 2016 are preliminary, and subject to change.

NOTE: An arrest is counted each time a person is taken into custody or issued a citation or summons. In the case of a juvenile (defined as under the age of 18) an arrest is counted when they are merely warned and released without any further action. While an individual may be charged with multiple crimes at the time of arrest, only one arrest is counted.

This data is provided by the Nebraska Crime Commission Statistical Analysis Center (Reported as of 06/09/2017 9:45:24 AM)

Sarpy County Juvenile Justice Center Detention Admissions

	2011	2012	2013	2014	2015	2016
Admissions	430	336	244	178	190	144

Targets: Warrants and DMC

2015:

	<u>ALOS</u>	<u>Warrant (%)</u>	<u>DMC (%)</u>	<u>ADP</u>	<u>Court Orders</u>
Q1	36.2	30	81	70.7	14%
Q2	32.4	26	82	83.9	13.7%
Q3	35.3	36	84	81.7	11%
Q4	35.7	38	75	72.7	17%

2016:

	<u>ALOS</u>	<u>Warrant (%)</u>	<u>DMC (%)</u>	<u>ADP</u>	<u>Court Orders</u>
Q1	29.5	40	73	58.4	8%
Q2	35.7	33	69	74.9	13%
Q3	41.1	28	77	57.4	11%
Q4	41.5	31	73	63.7	12%

2017:

	<u>ALOS</u>	<u>Warrant (%)</u>	<u>DMC (%)</u>	<u>ADP</u>	<u>Court Orders</u>
Q1	46.2	50	78	54.3	7%

Nebraska JDAI Next Steps

Nebraska RED work status update:

- NE has withdrawn from JJDP Act and NE Crime Commission no longer will coordinate state DMC work;
- The last state DMC assessment was completed in 2012 with no action on recommendations;
- State JDAI collaborative voted to assume a leadership role in RED work at the March 2017 meeting;
- A small core "steering team" has been established. An initial planning meeting was held to help review 2012 Recommendations and vet the most current applicable recommendations for the group to pursue;
- A data small group has met to start discussion about how data work can move forward.

Priorities:

1. Data:
 - a. Dr. Hobbs will work with Crime Commission Data staff to compare individual level Community Based Aid evaluation data and individual level from detention to see what is standing out in a community. Anne has an intern that will look at this for the last calendar year. They will work on this over the summer and report back to the group in August. Opportunity to introduce 7 step framework into communities in their three year comprehensive planning process. The group would like to collaborate with the Crime Commission to have a set data packet to guide communities. Community is defined as a county in this process.
2. Racial Impact Statements:
 - a. This idea was brought forward by Commissioner Rodgers after attending a national DMC conference. A small sub-group had a call with Nicole Porter from The Sentencing Project to learn more about this strategy. New Jersey is the only state that has legislation (pending Governor's signature) that will address this at the juvenile justice level. We just received follow up information from Nicole to process and see how NE can move forward. Commissioner Rodgers is also interested in how this could apply at the local level policy stage.
3. Law Enforcement Education:
 - a. Omaha has had recent success in partnering with Strategies for Youth to train Policing the Teen brain both for school resource officers and soon OPD street officers. They are also training School Administrators this summer. A small group had an initial call with Lisa from SFY. We are very interested in trying to expand this to the Lincoln Police Academy as well as the state training academy. We are in the process of setting up meetings with both of these entities. There is also interest in approaching the NE Juvenile Justice Association to see if they would be interested in expanding the SRO training statewide and possibly approaching the Dept. of Ed to see how the school administrator training could be expanded statewide.

4. Electronic Court Notification: several years ago a study was completed regarding the RED impact of implementing a court notification program. Some local jurisdictions have their own systems, but it is not consistent statewide. The state is currently trying to work through barriers of getting cell phone and cell carrier information on the uniform citation in order to effectively implement a court notification program.

5. The Administrative Office of Probation is reviewing a proposal requested from CCLP to do a training and policy audit from the RED lens, provide a training for trainer for all statewide trainers and provide TA as they revamp new probation officer training curriculum to provide seamless RED message/education throughout the seven week academy. The policy review would assist us systemically to ensure policies and protocols do not have unintended consequences for youth and families of color.
