

NEBRASKA CONTINUOUS QUALITY IMPROVEMENT (CQI)

Bridge to Independence

- **Our Vision:** Partnering with families to safely care for children in their own homes and communities.

Our Commitments:

1. Children are our #1 priority
2. We respect and value parents and families
3. We value partnerships
4. We are child welfare professionals

Strengths/Opportunities:

- IC's will update the program category in the expert system when YA's change programs
- IMFC is often unaware of when YAs change programs, IC's have the most up to date information.

Barriers:

- IC's will need to be trained on how to make these changes in the expert system
- This data reflects the program in which the YA entered, not the current program.

Action Items:

- Train IC's on the expert system
