

**Nebraska Coalition for Juvenile Justice**

**Community Planning Subcommittee Report**

**February, 2018**

Technical Assistance was provided in part by the Juvenile Justice Institute for the purpose of assisting communities to prepare for their community plans.

2018 Subcommittee members assisted Crime Commission in reviewing Community-based Juvenile Justice Aid applications on February 1 and 2.

New and updated Community Plans are due July 1, 2018.

At our next meeting, we will be reviewing how the 2018 applications review worked for Crime Commission staff and Subcommittee members. We will identify items that can be potentially modified, added or deleted.
