V. Co-Chair Report

Co-chair Lloyd noted that there was nothing new to report out to the Committee at this time. Laura Opfer noted that Vernon Davis will be voted in as Co-Chair of the B2i Committee at the next Commission Meeting. Adam Anderson added that members in attendance that weren't approved prior to this meeting will be at the next Commission meeting on January 18, 2021, and that is due to the previous Commission meeting cancellation.

VI. Legislative Update

Policy Analyst, Laura Opfer gave an update on LB262 regarding B2i eligibility for youth with Special Juvenile Immigration Status (SJIS). Opfer encouraged members to read the bill. Sarah Helvey added that it also includes Medicaid Coverage up to age 21 for this population.

Sarah Helvey shared that LB202 would allow a subset of the juvenile justice population B2i eligibility. Helvey reminded the Committee that the inclusion of this population was one of the original recommendations of this Committee that had to be removed due to budget constraints. Helvey noted that LB202 would make eligible young adults that are in and out-of-home placements six months before their 19th birthday and whom it would not be in their best interest to return home. She continued that the court can look at certain circumstances that would allow them access to B2i.

VII. Special Juvenile Immigration Status

Co-chair Lloyd discussed the SJIS recommendation made at the Committee meeting on October 7, 2020. She reminded the Committee of the presentation by Alexis Steele at the last meeting regarding SJIS. Sarah Helvey added that there was a court case that went up to the Nebraska Supreme Court that ended up that Special Juvenile Immigrant Status youth were not eligible for B2i due to other statutes in place in the state. The argument presented was essentially that Nebraska allows unlawfully present immigrants access to foster care and that B2i is an extension of foster care. Helvey noted that due to other laws in the state, the B2i law needed to have an explicit inclusion within to allow this population eligibility. She added that LB262 contains this explicit inclusion. Sarah Helvey encouraged the Committee to be in support of this inclusion.

It was moved by Susan Thomas to recommend that Section 43-4504 be amended to state that all young adults described in subsection 2, including young adults who are not lawfully present in the United States, be eligible for all services and supports available under the b2i program. The motion was seconded by Mary Fraser Meints. There was no further discussion. Roll call vote as follows:

VIII. Evaluation and Data Collection Workgroup Update

Laura Opfer noted that Dr. Katie Bass has left the Foster Care Review Office and the Data and Evaluation Workgroup. She asked the Committee for recommendations as to whether to search for a new Chair of the Workgroup or wait until a new Research Analyst is hired at the FCRO. Opfer added that work was beginning on the ongoing data collection as recommended in the Child Trends evaluation as to how to evaluate the success of the B2i program on an ongoing basis rather than a one-time evaluation. This work may be on pause at the moment.

IX. Case Management Workgroup

Sara Riffel updated the Committee that the group had reconvened to think about some of the experiences that were talked about from the Child Trends evaluation. In 2020, the workgroup shifted focus to how to better serve youth exiting b2i during the COVID-19 pandemic. Riffel shared that, at this point the workgroup again plans to go inactive until another case management need arises. Riffel noted that it could be regarding the new fiscal stimulus plan recently passed.

X. Finance & Policy Workgroup Update

Jason Feldhaus shared that there is ongoing discussion regarding the stipend amount and that the Committee would like to continue to look at how that meets the needs of young people. Feldhaus noted that he plans to reconvene the group in February and present some new tools to the workgroup, such as the Financial Well-Being Tool, along with other data from the young adults whether the stipend is meeting their needs. Feldhaus hasn't heard yet regarding any policy discussion, but would present them if needed.

XI. Tribal Court Transfers

Laura Opfer shared that there is ongoing conversation regarding tribal court transfers. B2i will continue to try to engage tribal youth. Deanna Brakhage noted that the department is still unable to file motions in tribal court. Sharon Fenn noted that the Consortium, under the Access to Justice Commission is in discussion regarding transfers to and from state court, and the integrity of losing connections. She added that Judge Runge is interested in starting a workgroup regarding this issue.

XII. DHHS Update

Camas Holder shared caseload sizes. Western and Southeast Service Areas average 17 cases. Omaha averages 22 cases. She noted that there is one case manager opening. Holder shared that the staff is back in rotating waves in the office and back to face-to-face visits. Work, employment, and healthcare continue to be concerns for the youth and case managers. Holder also noted the document shared prior to the meeting regarding fiscal stimulus as it relates to the Transition Age Youth. She added that B2i eligibility waivers will continue due to the recently announced fiscal stimulus.

Sara Riffel noted that due to the recent fiscal stimulus there are increased avenues for supports directly provided to youth. Riffel encouraged those involved to advocate for those supports. Deb VanDyke-Ries asked if there are specific priority areas or groups that DHHS will be focusing on. Camas Holder replied that this fiscal stimulus is new and groups are being formed at the moment. She added that DHHS is waiting to hear about funding amounts. Mary Fraser Meints encouraged conversation regarding providers that don't always have contracts with DHHS. Members discussed additional meetings regarding this funding. Adam Anderson and Laura Opfer will schedule a meeting in the next two weeks regarding federal funding with DHHS.
