### Community-based Juvenile Services Aid Appropriation: Biennium ending June 30, 2023

On April 26, 2021, Governor Ricketts approved LB380, which appropriated funds for the expenses of Nebraska State Government for the biennium ending June 30, 2023. Within that appropriation, Community-based Juvenile Services Aid was appropriated \$5,798,000 in Aid funds. This is a reduction of \$250,000.00 from the current appropriation of \$6,048,000.00.

The FY2021-2022 Community-based Juvenile Services Aid Request for Application anticipated an appropriation of \$6,048,000.00 at the time of release, and used that amount to determine formula allocations to each county and tribe. Due to the \$250,000.00 reduction in LB380, the Crime Commission Funding Panel was only able to award \$5,798,000.00 rather than the anticipated \$6,048,000.00. The Crime Commission made the decision to reduce by 5% the FY2021-2022 award of any county or tribe that had a combined average of 20% or more in deobligations in FY2018-2019 and FY2019-2020. The remaining reduction was taken from available funds in the Enhancement Based (EB) grant. This Legislative reduction will impact FY2022-2023 formula allocations. **Please be prepared for FY2022-2023 formula allocation reductions for all counties and tribes due to the reduction.**

**Be advised: Grantees deobligating 5% or more of Year One funds (FY2021-2022) may receive a reduction of their Year Two (FY2022-2023) award.**
